

Flat jet tongue-type nozzles for air or saturated steam

Series 686

Series 686

The flat jet tongue-type nozzles of the 686 series are suitable for short blowing distances. The compact design allows for large jet widths even for small spaces. The versions in brass and stainless steel 303 SS can also be used with high ambient temperatures.

Materials
Stainless steel
303 SS, Brass

Noise level
73-84 db(A) at 2 bar

Air consumption
see table

Pressure
 $p_{max} = 30 \text{ bar}$

Max. temperature
550 °C (Stainless steel)
240 °C (Brass)
