

xiros® conveyor roller

Conveyor roller with non-stick coated aluminium tube

Non-stick for of adhesive labels.

Non-stick coating 2.0: We are adding a new version to the conveyor roller portfolio with non-stick coated aluminium tubes. Dark grey instead of black, for adhesive labels.

- 100% less sticking of adhesive labels
- Ready-to-install system eliminates expensive in-house production
- Tested in the xiros® test laboratory
- igus® has been an investor in Mura Technology from the very beginning, and is advancing chemical recycling. From plastic waste to crude oil in 20 minutes:
